Hanging Chalkboards in the new school

Trimming trees away from kitchen chimney

Painting parlour & repairing termite damage and roof drainage

Repairing window screens & painting

JUNE 2011

June was our DIY month We desperately needed to get repairs done before the rains become too heavy. We want to give a HUGE THANK YOU to the British and Canadian soldiers who spent many days and hours repairing things at Dove. Our compound has gone from SHABBY to TERRIFIC because of their generosity in sharing their skills and talents and time. These men and women completely blessed us. Repair and maintenance projects are an ongoing problem as tropical conditions take their toll on pretty much everything. If you feel you could help with this as a short term mission, please contact us by email.

NEEDING SPONSORSHIP
Rugi is Dove's cook for the Children's Home while she completes school. She will begin catering school next month. Please contact:
Sponsorship Coordinator at office@internationaldove.com
